# ABOUT US

---

Auto Logistics was founded in February 2011 and is strategically based in Delhi, the nation's capital, with branches across key cities throughout India. This widespread network allows us to deliver efficient logistics solutions to clients worldwide. As a leading provider of logistics services, our core focus is to exceed customer expectations and ensure their satisfaction. From the outset, we have consistently met the diverse business needs of our clients.

We ventured into the cargo industry with a long-term vision of offering integrated and comprehensive supply chain management solutions. Today, we provide end-to-end supply chain services, including transportation across all modes, warehousing, distribution, and domestic logistics.

We can effectively manage all aspects of your logistics needs, ensuring timely and efficient delivery of your vehicles. Inviting you to partner with us and experience the difference our expertise can make in achieving your business objectives.

## **MISSION**

We strive to deliver cost-effective, highly efficient, and global logistics solutions, driven by our dedicated team of professionals. Our goal is to make Auto Logistics synonymous with the 5 'S' values: Service, Speed, Safety, Strength, and Steadfastness.

## **VISION**

We aim to redefine the standards of the Indian transport industry by offering innovative and groundbreaking solutions. Our approach is flexible, allowing us to adapt to new practices, policies, and technologies to effectively meet our customers' evolving needs.
